

**SEE** YOU THERE

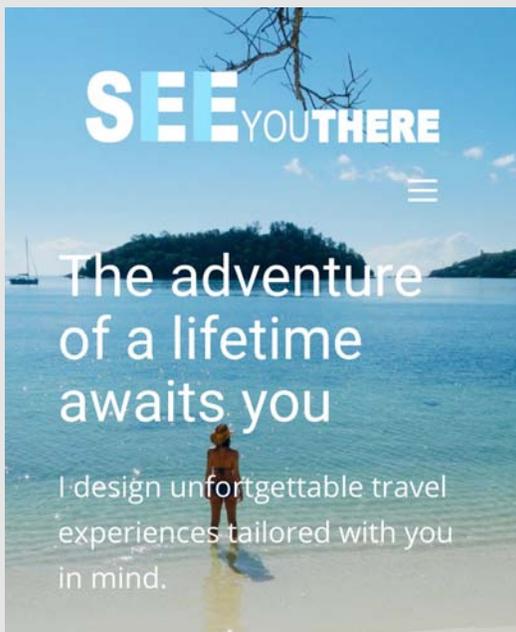

July 2021

**My brand new website is now LIVE!!!**

I have done many things but never have I attempted to do a website. The opportunity came to step up and I gave it my all. My travel business website is

[www.seeyoutherellc.com](http://www.seeyoutherellc.com)

and I would love for you to check it out. It features all original photos from some past trips I've taken.

**Since beginning my travel advisor journey, I've had a lot of questions come up from friends.**

I thought I'd address them since I'm sure a lot of you might be wondering the same things. #1 Why would you use an advisor when you can book the same thing as a consumer?

Well, you can't book the same thing and I explain more below in the table for easy comparison. Think about it this way, I am capable of booking direct myself and I have the time to research holidays for hours on end. Why did I CHOOSE to use a travel advisor if I could get the same thing myself? Because it made sense and the money I saved and perks we received kept me going back.

Book yourself:	Travel advisor:
Pay standard advertised rates BAR (best available rate)	Access to BAR (best available rate) as well as exclusive specials and promos.
You do all the work yourself, comparing options, pricing, researching the best time of year to visit...	Does the work for you and narrows down the best option/s
Limited booking options like book direct or through an OTA like Tripadvisor/Expedia	Has thousands of booking resources only available to travel professionals
If something goes wrong you have to sort it out before or during your vacation. If booked through an OTA long wait times and rigid policies	Help and assistance before your trip should anything unexpected happen and 24/7 assistance at your destination with specialized departments. You're on holiday, why waste your precious vacation time when someone else can sort it out?!
Research covid protocols that change almost daily and if something goes wrong you have to figure it out.	Has the latest covid and testing protocols resourcing
	Free extra perks like upgrades, resort credit, free breakfasts...
	Knowledge of destinations, hotels, villas and the contacts to find out information from locals worldwide

I will share some photos and chat more about this in next month's newsletter. Here are some of the perks if you're considering a trip to the beautiful winelands.
